

# Eye on the World

## February 22, 2025

This compilation of material for “Eye on the World” is presented as a service to the Churches of God. The views stated in the material are those of the writers or sources quoted by the writers, and do not necessarily reflect the views of the members of the Church of God Big Sandy. The following articles were posted at churchofgodbigandy.com for the weekend of Feb. 22, 2025.

**Compiled by Dave Havir**

**Luke 21:34-36**—“But take heed to yourselves, lest your souls be weighed down with self-indulgence, and drunkenness, or the anxieties of this life, and that day come on you suddenly, like a falling trap; for it will come on all dwellers on the face of the whole earth. But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take your stand in the presence of the Son of Man” (Weymouth New Testament).

An article by Nicole Silverio titled “Jonathan Turley Thinks Democrats’ Efforts to Stop Trump in Defense of Democracy Are, Well, Actually Threatening Democracy” was posted at [dailycaller.com](https://www.dailycaller.com) on Feb. 17, 2025. Following are excerpts of the article.

---

George Washington University law professor Jonathan Turley said Monday the Democrats are the ones threatening democracy through their efforts to stop President Donald Trump from shrinking the size of the federal government and eliminating wasteful spending.

Congressional Democrats and liberal activists have continued to rage over Trump and Department of Government Efficiency (DOGE) head Elon Musk’s efforts to cut the federal government’s billions of dollars in wasteful spending and carry out mass layoffs to make agencies more efficient.

Turley said the Democrats are attempting to stop Trump from upholding his promises to the American people in the name of democracy, when in actuality, their legal efforts are the true threat to Democratic institutions.

“Eye on the World” comment: The following headlines involve articles that are considered international. The articles were not posted, but the headlines give the essence of the story.

An article by Staff titled “Karoline Leavitt: Trump, Elon Musk’s DOGE Team Are Doing What Democrats Promised ‘For Decades’” was posted at foxnews.com on Feb. 18, 2025. Following are excerpts of the article.

---

White House press secretary Karoline Leavitt slammed Democrats’ hypocritical position ahead of DOGE’s Social Security audit. Leavitt defended President Donald Trump and Elon Musk’s objectives on “Hannity” Monday, pointing out that former Presidents Barack Obama and Bill Clinton championed rooting out waste, fraud and abuse of taxpayer dollars.

**Karoline Leavitt:** “If you just watched that video, but shut your eyes and listen to the words from those Democrat politicians, you would think you are listening to President Trump, Elon Musk and our entire administration, who are saying the exact same thing that Democrat politicians promised the American people they would do for decades. President Trump is just the first president in our lifetimes to actually do it.

“And now you see the Democrat Party and mainstream media spiraling out of control about a very simple promise: rooting out waste, fraud and abuse from our federal bureaucracy. This is a promise President Trump campaigned on. He is now delivering on it.

“I’ve been fighting fake news reporters all day long here in the Washington, D.C. swamp who are trying to fearmonger the American people into believing that this administration is going after their hard-earned tax dollars and their hard-earned Social Security checks. So I want to set the record straight on your show tonight, Sean, and I’m very grateful for the opportunity to do so.

“President Trump has directed Elon Musk and the DOGE team to identify fraud at the Social Security Administration. They haven’t dug into the books yet, but they suspect that there are tens of millions of deceased people who are receiving fraudulent Social Security payments and so their goal in going into the Social Security Administration is to identify three things.

“Number one, to identify duplicate payments and to end them.

“Number two, to identify payments that are going to deceased people who are no longer living and should no longer be receiving that money.

“And number three, to protect the integrity of the system for hardworking Americans who have been paying into it their entire lives.

“So rest assured to all the people watching your show tonight, if you paid into the system,

honestly, you will continue to receive your Social Security checks. Do not buy into the lies from the legacy fake news media, who are trying to fear you and scare you into believing otherwise. This is what we've seen them do about President Trump for years with every promise that he has made, and he's going in there to protect your hard-earned money. That is the ultimate goal."

Democrats have ramped up their attacks on the Department of Government Efficiency and its leader (billionaire Elon Musk) over the past week – arguing that Trump's project is a violation of the Constitution and filing several lawsuits in an effort to bring the new department's momentum to a halt.

The White House is taking aim at Democratic critics of DOGE, highlighting that the new agency's work was once championed by prominent Democrats – including Presidents Joe Biden and Barack Obama. A video posted on x.com quoted Barack Obama and Joe Biden talking about getting rid of waste in the federal budget.

In the video, Joe Biden said: "We hope to be instilling an entire new culture, that not only our administration, but every succeeding administration will in fact pursue."

At another point in the video, Barack Obama (seated in the Oval Office next to a large stack of papers) said: "What should be easy is getting rid of the pointless waste and stupid spending that doesn't benefit anybody. No amount of waste is acceptable, not when it's your money."

An article by Frank T. Pool titled "Personality and Professions" was posted at news-journal.com on Feb. 17, 2025. Following are excerpts of the article.

---

The Five Factor Model of personality is a tool to describe people's behavior through five aspects of their personality that are likely biologically based.

It's pretty clear that we differ in our approaches to the world. Infants display temperaments, typical ways of acting. For example, some babies are inquisitive; others are timid. Some can defer gratification; others can't.

The five factors are different aspects, which can be reliably determined by psychological testing, and which can vary independently of each other. These aspects of personality were descriptive and not evaluative concepts. One aspect is not better or worse than another – it's just the way a specific person reacts to the world.

- Openness

Openness is the willingness to experience new things, to relish uncertainty and to welcome change.

Musicians, artists and graphic designers score highly for openness. The occupations scoring lowest on this factor included finance officers and truck drivers.

- Conscientious

Conscientious people do what is expected of them, and often they hold themselves to high standards of behavior.

People who run hotels and midwives tend to be highly conscientious; those who work in call centers and bars are among the least conscientious.

- Extraverted

Extraverted people enjoy interacting with others; introverts recharge their emotional batteries by themselves.

Hairdressers, barbers, and airline assistance attendants tend to be extraverted; whereas civil engineers and professional scientists are generally introverted.

- Agreeable

Agreeable people's default response to someone's request is "yes." They enjoy pleasing others, and are often easy to be around.

Clergy, undertakers, and those who work with the oldest and youngest people are very agreeable; but construction managers and mechanical engineers score low in agreeableness.

- Neuroticism

Neuroticism is free-floating, ambient anxiety about life and the world. Neurotic people constantly fret about things, whether big or small.

The most neurotic profession listed was archivists and curators, followed by nursery nurses and assistants, and surprisingly weavers. The least neurotic were airline and railway maintenance and construction workers, and sports players.

**Isaiah 55:6-11**—"Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. 'For My thoughts are not your thoughts, nor are your ways My ways,' says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts

**than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.”**
