But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take you stand in the presence of the Son of Man” (Weymouth New Testament).

Because hardworking, athletic, intelligent warriors who pursue excellence in their lives want nothing to do with a woke, anti-American, politically correct nut-job factory invested in a Marxist world view and promoting an overtly anti-Christian, anti-conservative, anti-white agenda.

That answer is so obvious that just as with every other important issue of the day – “green” energy-induced inflation, central bank money-printing, government censorship, open borders,

warrantless surveillance, surging crime, global war – normal people know what’s going on – while only America’s leaders choose to play dumb.

What makes a superior warrior?

- An individual willing to rise every day and push his body and mind to the limits.
- Someone who is capable of taking an absolute beating yet unafraid to get back up and continue the fight.
- A person who is constantly working to get stronger, be tougher, think more clearly, and achieve tomorrow what could not be achieved today.
- A warrior works all the time because when he is not working, someone else is, and when those two meet on a battlefield, only one will walk away.

That is not the mindset of today’s woke armed services. Whining, psychobabble, coddling and grievance-conditioning do not create a superior fighting force. “Safe spaces,” fear of “triggering” words, and fixation on personal pronouns make minds weak.

Blaming mental and physical shortcomings on others will always result in future mission failure.

Rewarding ineptitude while disregarding merit in the name of “diversity” will ensure a diverse collection of dead bodies when hostile forces strike.

No person in harm’s way gives a fig what color skin encases the person fighting to his back.

No person in harm’s way has the time to worry about another American warrior’s “social justice” virtue.

When it is do or die, skillful excellence alone purchases life, one minute at a time.

There is no such thing as a “woke warrior” because they do not survive.

When waters get rough, the warriors best suited for survival, resistance, and victory are tireless fighters with their heads on straight who are calm under pressure, emotionally resilient, and spiritually robust.

That describes a lot of liberty-loving, conservative, religiously devout, family-oriented, patriotic, and proud Americans. It does not tend to include people so confused about their own identities that they aren’t even sure how to describe their biological sex.

It does not describe Americans who despise their country’s illustrious history, believe its people to be inherently racist, and insist its foundations rest not on freedom, but rather slavery.

It does not include self-centered egoists too obsessed with personal pronouns to reflect upon a higher calling or personal sacrifice.

It does not include people who would rather fight so-called “global warming,” “systemic privilege,” or “hate speech” than foreign armies intending mortal harm.

Those who find themselves offended easily and who cannot distinguish between language and violence have no place on a battlefield. They are, at best, a nuisance keeping real warfighters from doing their jobs and, at worst, a fifth column assisting the enemy in doing its job (which is to kill and subdue Americans). Woke is a joke, but it is also deadly.

Why is the military failing?

It has turned its back on authentic warriors while licking the boots of the nation’s woke.

Someone who believes in hard work and personal excellence does not want to be part of an organization that punishes merit and rewards identity theatrics.

Someone with a strong devotion to God does not want to be commanded to hide his faith, or worse, to replace his faith with politically correct claptrap.

Someone willing to defend liberty at all costs will not submit to an immoral power structure forcing service members to endure experimental injections, ideological brainwashing, and anti-American propaganda.

Those warriors will stay home and guard their families’ futures.

-
- Why are you applying for this position?

“I am looking for a challenge.”

- What are your salary expectations?

“My ideal salary for this position would be \$80,000 to \$90,000. Once we get through the interview process, I’ll have a better idea of what the responsibilities are, and I’m sure we can come to an agreement which makes the most sense for both of us in terms of salary.”

- Are you interviewing with other companies?

“This is a top choice for me, but I do want to be transparent with you and let you know I am interviewing with about three other companies.”

Isaiah 55:6-11—“Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. ‘For My thoughts are not your thoughts, nor are your ways My ways,’ says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.”
