But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take you stand in the presence of the Son of Man” (Weymouth New Testament).

 - Senator Ron Johnson claims there is proof that Hunter paid for international sex trafficking ring.
 - New York Post banned by White House from Biden event as Hunter indictment looms.
 - Ex-CIA chief Morell misled signers of letter that dismissed Hunter Biden laptop story.

 - Biden claims Hunter “has done nothing wrong” ahead of possible charges.
 - White House and Hunter Biden’s team clash over defense strategies.
 - Ex-CIA chief came up with Hunter laptop “Disinfo” letter to be used as “talking point” for debate.
 - Grassley, Comer demand FBI documents on bribery scheme involving Joe Biden.
 - Hunter appears in court for child support case, White House refuses to recognize child.

“Eye on the World” comment: It is truly amazing how many reports and articles during the past years were initially called “disinformation” but turned out to reveal truth. The following two articles would certainly be called “disinformation” by the ruling class (billionaires, big tech, politicians and the corporate media). Many people in this world conclude that these next two articles are complete nonsense. And you know, those people just might be right. But since we live in this great nation founded upon the tenant of free speech, we are going to print the following two articles in this May 13, 2023 edition of “Eye on the World.” If you don’t find either article to be interesting, I expect you to use your power of choice to quit reading. And

whether you agree or disagree with the writers, you will notice that neither article is asking readers to do anything illegal, disruptive or unkind.

An article by Mark Lewis titled “All This Failure Is Deliberate” was posted at townhall.com on May 8, 2023. Following are excerpts of the article.

Everything Joe Biden has done has been a disaster.

- The economy is teetering.
- The border is non-existent.
- The banking system and the dollar are crumbling.
- Our enemies are taking advantage of the weakness they perceive in the White House.
- Crime is out of control in most of our once-great cities.
- Traditional morality and decency are in the toilet.
- Our children are being butchered and groomed.
- Women athletes are losing hard-earned rights because of the “transgender” movement.
- Government spending is without restraint.
- Inflation has soared, and America’s middle class is being squeezed into near oblivion.
- The education system continues to produce semi-literates.
- No patriot wants to join the military anymore.

Biden is President, but he is far from in control.

The Marxist, Leftist global movement (whatever groups are ultimately behind it) are using Biden and the Democratic Party as pawns in the supreme game of human domination.

Biden does everything he is told to do. He is nothing but a puppet, a ‘useful idiot’ as I explained recently – totally unable to think for himself.

The Far Left, the Marxist Left, manipulates him and his ideological band. Biden doesn’t realize it, but some Democrats do.

But this is why Biden (health permitting) will win the Democratic nomination next year.

Why would the Leftist oligarchy want anyone else, since he is doing exactly what they want?

When he has expanded his usefulness, he will be tossed “into the dustbin of history.” They will have no further need for him, and probably won’t even give him a gold watch.

What is critical to understand is that the failures of the Biden administration are choreographed.

They are deliberate, exactly what Soros, the WEF, the Deep State, and the Marxist Left covet.

They want failure. We must understand that. Some of them are intelligent enough to know that Leftist policies never succeed because they contradict basic human nature, economic laws, history, science, God, and every other reality.

This is the horror we are witnessing in America and around the world today – designed, intended collapse.

Those who are engineering this are aware of it and, again, need the failure.

As societies crumble and dissipate into total chaos, someone (echoing Hitler) will have to step forth and restore order again.

The left certainly doesn't intend for Donald Trump or Ron DeSantis to do it.

The Marxist Left will be able to assume all power, and the people will gladly give it to them in order to restore some measure of peace and stability to their lives.

The masses will obey whatever orders are given to them under the threat of terror, and out of fear of a resurrection of the madness that brought about the totalitarian state in the first place.

Most Americans sense something is dreadfully wrong, but don't know enough history to understand it. This is a supreme tragedy.

The societal chaos and ultimate takeover are what Leftists have been scheming, actually, since the French Revolution.

It is the world Utopia, with them in charge, of course.

The movement was provided greater emphasis and philosophical buttressing by Marx, and while it failed in the Soviet Union, it's working in China.

And it is about to conquer the United States, especially if Biden (or any Democrat) is given four more years in the White House.

What I'm basically describing is George Orwell's novel, 1984. Orwell portrayed the end result; what we are witnessing today is the movement that will terminate in a 1984-type society.

Again, it is deliberate, planned, and so far, working almost to perfection.

They will win unless our will is stronger than theirs.

With Ronna McDaniel and Mitch McConnell in control of the (supposed) opposition party, one is not hopeful.

The enemy and its goals must be comprehended in order to be defeated, and the Republican establishment in Washington is utterly clueless.

We bemoan the deterioration and destruction of our country. But do you think Barack Obama and George Soros are sorrowful about the current trends in America?

Of course not. It is exactly what they desire and designed. Things are going according to the blueprint.

Oh, there are a few obstacles (traditional, conservative Americans), but they are mostly old geezers who will die off in the next decade or two.

Then who will stand in the gap to defend traditional America?

An article by Brian C. Joondeph titled “Is Trump’s Campaign and Re-Election a Fool’s Errand?” was posted at americanthinker.com on May 8, 2023. Following are excerpts of the article.

Two weeks ago, President Joe Biden announced that he is running for re-election in 2024, promising to “finish the job.” What exactly does he want to finish?

America is rapidly imploding on many fronts.

- Financial and economic
- Cultural
- Safety
- Our place in the world

Radically transforming U.S.

Does finishing the job mean erasing every achievement of former President Donald Trump?

Or is he completing former President Barack Obama’s 2008 campaign promise (“We are five days away from fundamentally transforming the United States of America”)?

Biden’s presidency is actually Obama’s third term, exactly as Obama described in a 2020 interview with Stephen Colbert: “He joked that he would be willing to sit ‘in my basement’ and ‘deliver the lines’ to a ‘front man or front woman’ with an earpiece.”

Biden is the front man while Obama transforms the country. Biden is now expendable, having served his role. Can America even recover from Obama’s third term?

Desire to hinder Trump

The left can't let Trump anywhere near the White House and need another leftist in office to cement America's "fundamental transformation."

Is Sleepy Joe a placeholder for someone else to jump into the race as the Democrat candidate?

According to the Rasmussen polls, the 2024 election should be another Trump victory.

Can Trump even win GOP nomination?

Trump must first win the GOP nomination (which a year and a half before the election) is a longshot, despite the polls. Polls aren't elections and this is where Trump's challenges begin.

Can he even win the nomination?

- Expect an endless stream of lawsuits and indictments trying up Trump in depositions.
- Expect a barrage of negative press from Big Tech and corporate media.
- Expect far left judges to rule that Trump is ineligible to appear on the ballot.
- These trials will all be timed to begin next year when primary season heats up.
- Expect scores of women to accuse Trump of rape (with no proof).
- Expect the weaponized judicial and intelligence agencies to manufacture scandals against Trump – as they did with "Russian collusion."
- Expect the weaponized judicial and intelligence agencies to hide or ignore scandals of his opponents – as they did with Hunter Biden's laptop.

Could Trump overcome the voting system?

If Trump somehow prevails and wins the nomination, his troubles are far from over. Without serious election reform, strange events can occur.

- What's to stop a handful of swing states from stopping vote counting on Election Night at 10:00 p.m., with Trump in the lead, only to resume in the morning, with his opponent now ahead?
- Will there be voting machine malfunctions in heavily GOP districts?
- Will there be scores of ballots from a single small apartment, with unverified signatures, and no chain of custody?
- Will a senile Biden again receive millions more votes than popular candidate Obama?
- Have any of the problems from the 2020 election been fixed?

- If not, then Trump could run against Mickey Mouse and lose (with Fox News calling the election on mid-afternoon on Election Day with voting still going on).
- If the ruling class is “selecting” the president (rather than we the people “electing” our president), the result will be a foregone conclusion.

Who will be the Democrat candidate?

Who might Trump’s general election opponent be?

- RFK Jr. could receive the Bernie Sander treatment.

While appealing to old-school traditional Democrats as he is the heir to Camelot and the only remaining serious politician from the most famous Democrat family, the Democrat establishment will make sure their preferred candidate wins the nomination, not some upstart threatening to upset the “big club.”

- Gavin Newsom is too male and white.
- Hillary Clinton is already a two-time loser, who has not grown any more likeable than she was in 2016.
- The real dark horse candidate to watch out for is Michelle Obama.

Film-maker Joel Gilbert makes a compelling case for this scenario in his recent book and film.

Mrs. Obama hits the triple crown of intersectionality – black, female and first combination of both in the Oval Office. She is following her husband’s pathway from 2008.

- Books and tours.
- Democrat-friendly South Carolina is scheduled to replace Iowa as the first primary.
- Democrat convention will be held in her former hometown of Chicago.

Newt Gingrich agrees, telling Fox News that “The former First Lady has already kicked off the soft launch of her presidential campaign. Roger Stone concurs.

- Imagine the media coverage of a Trump-Obama campaign. Anything and everything Trump utters will be considered either racist or sexist.
- Mrs. Obama has no official record for judgment or criticism.
- She will be the Oprah candidate – appealing to the new Democrat base of single, middle-

aged, college educated white women who abhor the toxic masculinity and mean tweets of the “orange man.”

Are we watching a movie play out with a predetermined ending?

Is the ruling class telling Trump and his supporters, George Carlin style: “It’s a big club and you ain’t in it”?

Are elections relevant anymore? – reflecting the will of the elites, not the hoi polloi?

A fool’s errand?

Trump is taking the slings and arrows, as he proclaimed during the 2016 campaign. He undoubtedly knows what is happening and is prepared for the myriad forces working against him.

He prevailed in 2016, but the enemy is stronger and won’t get fooled again (as they did in 2016).

Does Trump have a few aces up his sleeve? Or is his campaign a fool’s errand?

Isaiah 55:6-11—“Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. ‘For My thoughts are not your thoughts, nor are your ways My ways,’ says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.”
