Luke 21:34-36—“But take heed to yourselves, lest your souls be weighed down with self-indulgence, and drunkenness, or the anxieties of this life, and that day come on you suddenly, like a falling trap; for it will come on all dwellers on the face of the whole earth. But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take you stand in the presence of the Son of Man” (Weymouth New Testament).

An article by Morton A. Klein (national president of the Zionist Organization of America; ZOA) titled “President Biden’s Extraordinary Hostility to Israel” was posted at israelhayom.com on Oct. 5, 2023 and at zoa.org on Oct. 6, 2023. (This article was posted at both locations just prior to Hamas attacking Israel). Following are excerpts of the article.

President Joe Biden and his administration have been pursuing the same hostile-to-Israel policies promoted by the Obama-Biden administration.

Let’s not be fooled. Extolling “ironclad friendship” between America [and Israel] are simply meaningless and phony words.

- Biden is enriching the Iranian terror regime with billions of dollars in funds and sanctions relief.
- Biden is pressing Israel to cede her sovereignty and security to a Palestinian terror state on “Auschwitz lines” that would render Israel indefensible.
- Biden is sending over \$1.5 billion to Hamas-allied UNRWA and to the Palestinian Regime – thereby freeing up funds for the Palestinian Authority to continue paying Arabs lifetime pensions to murder Jews and Americans.

These policies threaten Israel’s existence and Jewish and American lives.

And that isn’t all. The Biden administration took scores of additional actions that are hostile to Israel and/or Jews. Zionist Organization of America (ZOA) and others wrote about these actions as they occurred.

A few hostile actions

- Biden pressured Israel to surrender 330 square miles of natural-gas-rich maritime territory to Hezbollah-controlled Lebanon – thereby enriching Hezbollah with billions of dollars of

revenue, and diminishing Israeli maritime security and resources. Former U.S. Ambassador to Israel (David Friedman) decried that this deal gave 100% to Lebanon, and 0% to Israel.

- Biden's combating antisemitism strategy downgraded the excellent IHRA definition of antisemitism by embracing the dangerous NEXU.S. and JDA definitions that permit antisemitism masked as hatred for the Jewish state and Zionism. Biden's antisemitism strategy also failed to address major sources of antisemitism other than white supremacy; diluted antisemitism's uniqueness by lumping antisemitism together with "Islamophobia, homophobia, transphobia and misogyny"; and sought to incorporate other hatreds to dilute Holocaust education.
- Biden reinstated Obama's anti-Jewish boycott of joint U.S.-Israeli science and technology research, cooperation, and projects over the artificial 1949 cease-fire lines. The boycott discriminates against primarily Jewish institutions – such as Ariel University. By contrast, Palestinian Arab institutions over the cease-fire lines are receiving U.S. assistance. The U.S. Office of Palestinian Affairs just announced a joint doctoral degree program with "Al Quds" University (located in Jerusalem and throughout the "West Bank."
- Biden has been using a potential game-changing Saudi-Israeli deal to demand Israeli concessions to the Palestinian Authority terror regime – including that a Palestinian state solution must be kept open.
- Biden's State Department sent U.S. taxpayer funds to a partisan, main organizer of the diverse anti-Netanyahu, anti-judicial reform demonstration that endangered security by closing down major roads and the airport. Biden and his ambassador to Israel (Tom Nides) also pressured Israel's government and publicly spoke against the needed judicial reforms that Israelis voted for – thereby undermining Israeli democracy.
- Biden repeatedly pressured Israel to allow the U.S. to Re-Open an Illegal Consulate for Palestinian Arabs in western Jerusalem – undermining Israeli sovereignty over her capital. The U.S. State Department denied reports that the U.S. had given up this effort and instead stated that the Biden administration is still "committed" to opening an (illegal) "Palestinian" consulate in Jerusalem. Meanwhile, Biden opened a U.S. Office of Palestinian Affairs ("OPA") in Jerusalem, which undermines Israel's sovereignty. A few days ago, OPA applauded UNRWA giving \$3.6 million to terrorist hotbed Jenin.
- In his joint press conference with Palestinian Authority president/dictator Mahmoud Abbas, Biden called ordinary Israeli checkpoints (which are necessary for security) "indignities" against Palestinians.
- Biden undermined Israel's security and sovereignty by calling for the Palestinian Authority to share control of the Israel-Jordanian crossings; and by pressuring Israel to allow more access for Israel for Palestinians from Gaza.
- Biden rejoined the Israel-bashing UN Human Rights Council (UNHRC), initially as an observer and then "proudly" as a full member. The Trump administration had quit the UNHRC

because the UNHRC persistently attacks human-rights-loving Israel, and fails to act against real human rights violators.

- Biden pressured Israel to legalize massive illegal Arab building in Area C – the area of Judea-Samaria lawfully under full Israeli administrative control.
- Biden repeatedly praised anti-Semites and Israel-bashers Rashida Tlaib and Ilhan Omar. On May 18, 2021, Biden told Tlaib: “I admire your intellect, I admire your passion, and I admire your concern for so many other people. And it’s my feelings from my heart, I pray that your grandmom and family are well. You’re a fighter. And, God, thank you for being a fighter.” On April 3, 2023, Biden said: “Congressman [sic] Omar, I want to thank you for being here. You never stop working to level the playing field for everybody.”
- The Biden administration backtracked on U.S. recognition of Israeli sovereignty over the Golan Heights. In a CNN interview on February 8, 2021, Biden’s Secretary of State (Antony Blinken) was asked if the Biden administration would continue to “see the Golan Heights as part of Israel.” Blinken only endorsed Israel’s presence in the Golan for the time being, due to the Golan’s importance to Israel’s security, and said that the Biden administration would look at this again if the situation in Syria were to change.
- During a webinar with “Americans for Peace Now” (a radical group that supports BDS over the green line), Biden’s former U.S. Ambassador to Israel (Tom Nides) bragged that his pressure stopped Jewish building in E-1, and wished he could stop all Jewish building in “East Jerusalem” (which includes the Jewish quarter) and Judea/Samaria. Nides also euphemistically called the Palestinian Authority’s “pay to slay” payments to terrorists to murder Jews “martyr payments.” Nides further declared: “These martyr payments . . . have caused an enormous amount of problems because it give the ‘haters’ an excuse not to support the PA based on the argument that it is ‘paying for people who killed Jews’.” (Nides thus stated that the terrorists and the PA are not the problem, but rather the problem is the people who oppose the PA’s “pay to slay” payments.)
- Biden insulted Israel’s prime minister by still not meeting with him at the White House, and by instead meeting opposition party leaders. During Biden’s recent meeting with Netanyahu at the United Nations on September 20, 2023, Biden again pushed for a Palestinian Arab (terror) state; again pressured Israel to not make what Biden refers to as “unilateral measures” (meaning Jews building homes in the Jewish homeland); and again opposed and interfered with Israel’s needed internal judicial reform.

A few alarming appointees

In addition, over 30 Biden appointees and nominees to top posts affecting Jews and the Jewish state have alarming antisemitic or hostile-to-Israel backgrounds. Many were also Obama-Biden administration officials. ZOA’s “Biden Appointment Watch” webpage illuminates their background. Here are a few examples.

- U.S. Special Envoy to the Palestinians (Hady Amr) stated that he supports BDS and was “inspired” by the Intifada terror wars against Israel.
- White House Office of Legislative Affairs Deputy Director (Reema Dodin) has supported suicide bombings.
- National Security Council Senior Director for Intelligence (Maher Bitar) organized an anti-Israel conference and ran a session on how to demonize Israel.
- U.S. Commission on International Religious Freedom appointee (Rabbi Sharon Kleinbaum) retweeted her wife’s praise for anti-Semite Linda Sarsour and said Kaddish for Hamas terrorists killed while trying to murder Jews, causing pro-Israel members of her LGBT synagogue to leave.
- National Security Advisor (Avril Haines) falsely condemned Israel for terrorism and incitement.
- U.S. Envoy to Iran and lead Iran negotiator (Robert Malley) is an Iran apologist who opposes sanctions on Iran.
- Senior advisor to State Department sanctions coordinator and Middle East assistant administrator nominee (Tamara Cofman Wittes) condemned the Abraham Accords as a “Naksa.” (“Naksa” is the Arabic for “setback” or “catastrophe” – Palestinian Arabs use this term to describe Arabs’ failure to annihilate Israel in 1967.)
- And Biden’s nominee for the next U.S. Ambassador to Israel (Jack Lew), who served as Obama’s chief-of-staff and Treasury Secretary lied to promote the deal to the Jewish community – claiming that the Iran deal contained “incredibly robust” inspections and would guarantee that Iran “never” obtained a nuclear bomb. He was the treasury secretary during Obama’s transfer of \$1.7 billion of cash to Iran. He publicly defended the worst-ever anti-Israel UN Security Council Resolution 2334 – which labels the Jewish people’s holiest sites (including the Western Wall and Temple Mount) as “occupied Arab land” and claimed that the Jewish presence (and homes) in these historic Jewish lands has “no legal validity and constitutes a flagrant violation of international law.”

An article by Lorraine Miles titled “The Seven Dirty Secrets of Solar Energy” was posted at americanthinker.com on Oct. 11, 2023. Following are excerpts of the article.

1. The sun is a lazy worker.
2. Solar energy never replaces fossil fuels; it sits on top of them.
3. Old-fashioned gas and oil factories support solar because of the build-in back-end revenue streams guaranteed to them.
4. Solar, for the previous reasons, is thus a de facto permanent polluter of the atmosphere.
5. Politics: Solar ‘farms’ grow votes for politicians, not electricity for consumers.
6. Economics: Grid integration of solar, being a nightmare expense, can result in a doubling of electric bills and an exodus of job-providing industries to China.
7. Energy security: The protection of a nation’s citizens depends upon a secure and permanent domestic energy supply.

An article by Aibhe MacMahon titled “Shark Expert [Mike Coots] Who Lost His Leg to a Tiger Shark Reveals His Dos and Don’ts for Avoiding the Same Fate – Including the One Thing You Must Never Do” was posted at [dailymail.co.uk](https://www.dailymail.co.uk) on Oct. 8, 2023. Following are excerpts of the article.

Mike Coots (age 44) lost his right leg at the calf when he was bitten by a tiger shark while body-boarding off the coast of Kauai, Hawaii, in 1997. He lost so much blood in the attack that doctors said he should have died.

However, rather than fearing these apex predators, he went on to become a shark conservationist and has dedicated his life to capturing mesmerizing photographs of them.

After swimming with sharks over the past two decades, Mike has learned there are important dos and don’ts to consider if you encounter one.

Following are some of his pieces of advice.

- When are sharks most likely to attack? “People can provoke an attack if they are in murky water or splashing like an injured animal.”
- “The safest way to be underwater with sharks is to have clear visibility and lots of eye contact with sharks. They are ambush predators and if they know you know they are there, it’s much safer.”

- “Despite what some may think, sharks are not intent on hunting humans.”
- “If underwater, always look at the shark and make yourself seem large. It is a mistake to turn away from these creatures. Don’t turn your back on a shark.”
- “Shark photographers get caught up in looking through the camera viewfinder too much and are unaware of what’s happening around them – especially if there are multiple sharks in the area.”

Isaiah 55:6-11—“Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. ‘For My thoughts are not your thoughts, nor are your ways My ways,’ says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.”
