Luke 21:34-36—“But take heed to yourselves, lest your souls be weighed down with self-indulgence, and drunkenness, or the anxieties of this life, and that day come on you suddenly, like a falling trap; for it will come on all dwellers on the face of the whole earth. But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take you stand in the presence of the Son of Man” (Weymouth New Testament).

An article by Gerald McGlothlin titled “Biden’s Feigned Rage Against Israel” was posted at americanthinker.com on April 4, 2024. Following are excerpts of the article.

In a world fraught with conflict and misunderstanding, the recent tragic incident involving the accidental killing of seven World Central Kitchen workers by an Israeli strike in Gaza has become a focal point of international attention.

While President Joe Biden’s expression of outrage over these death is understandable, it’s crucial to contextualize the incident within the broader canvas of the Israeli-Hamas conflict – a struggle marked by Hamas’s relentless aggression and Israel’s efforts to defend its citizens.

The Biden administration’s reaction (while fiery and seemingly indignant) overlooks a fundamental reality.

- It is exceedingly rare for such tragic incidents in the context of Israeli operations.
- For every one innocent life lost in these regrettable circumstances, there are countless more saved by Israel’s diligent efforts to target only the threats posed by Hamas.
- This organization (designated as a terrorist group by multiple countries including the United States) has a long history of using civilians as human shields and launching unprovoked attacks against Israel – endangering the lives of Palestinians and complicating Israel’s self-defense measures.
- Israel’s commitment to minimizing civilian casualties is unparalleled – especially when compared to the indiscriminate violence and terror perpetuated by Hamas.
- The Israeli military goes to great lengths to avoid civilian casualties – including the use of warning shots and leaflets to evacuate areas before strikes against military targets.
- Contrast this with Hamas’s strategy, which intentionally places military assets in densely populated civilian areas – thereby increasing the risk of innocent lives.

The loss of life among World Central Kitchen workers is a reminder of the war’s human cost. Yet, the broader narrative must not be lost: Israel, like any sovereign nation, has the right and duty to defend its citizens against terrorism.

In conclusion – while we mourn the loss of innocent lives, we must also recognize the realities of this conflict.

Israel's efforts to protect citizens and minimize civilian casualties (amidst a relentless campaign of terror by Hamas) deserve acknowledgment, not condemnation.

Let us not forget the true architect of this suffering and the necessary steps required to achieve a lasting peace.

An article by Jack Hellner titled "A Lying Media Equates to Election Interference" was posted at americanthinker.com on April 3, 2024. Following are excerpts of the article.

Barack Obama, Bill Clinton and Joe Biden were at a fundraiser for the rich, and everyone seemed very proud that they were able to raise \$25 million from these well-heeled leftists.

Media members routinely claim that there is too much money in politics, yet they are very pleased about the rich supporting Biden – helping to raise a record-breaking number. Why are the donors' names being hidden? I thought politicians were for transparency.

At the event, Obama said that Biden really cares about the little guy, while Trump doesn't. It appears that Obama is confused. While Trump was president, he focused on lower taxes, energy independence and fewer regulations. Real wages rose rapidly (especially for those at the bottom) and his policies kept energy prices and overall inflation very low. Poverty hit an all-time low at the end of 2019. Housing was much more affordable.

Biden's policies of big government, open borders, and the destruction of the oil industry have hit the poor and middle class very hard.

Dictatorially forcing people to buy electric cars, trucks, combines, and tractors and forcing them to convert their homes to all electric will continue to destroy the poor and middle classes. While there continues to be great harm to everyday Americans, the rich will do just fine. That is not caring for the little guy.

The media makes a major effort to misinform (lie) to the public and to hide things from the public that would undermine Biden and the Democrat agenda.

- Biden campaigned on opening the border. As soon as he took office, he signed a litany of executive orders to reverse Trump's excellent policies to control the border.

(The current talking points from the media is that the massive border crisis and influx of illegals is caused by Trump. They are intentionally lying to mislead voters.)

For 14 years, the media has falsely claimed that Obamacare makes health care more affordable – while premiums and out-of-pocket expenses have skyrocketed. We are falsely told (without

evidence) that Biden’s policies have reduced the inflation rate. Gas prices on December 31, 2023 were \$3.13 and crude oil was \$72 per barrel. Gas prices today are \$3.54 and crude oil is \$83 per barrel. Since Biden took office, crude is up over 110%.

- Politicians care about power and pushing the leftist agenda – nothing more. Their policies make more people dependent on the government instead of providing people opportunities to move up the economic ladder. The only thing they care about regarding “the little guy” is buying his vote.
- Most of the media will intentionally lie to destroy anyone who gets in the way of politicians as they quest for power. They interfere in our elections every day. They are the truest and greatest threat to our republic.

Isaiah 55:6-11–“Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. ‘For My thoughts are not your thoughts, nor are your ways My ways,’ says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.”
