**Luke 21:34-36**—“But take heed to yourselves, lest your souls be weighed down with self-indulgence, and drunkenness, or the anxieties of this life, and that day come on you suddenly, like a falling trap; for it will come on all dwellers on the face of the whole earth. But beware of slumbering; and every moment pray that you may be fully strengthened to escape from all these coming evils, and to take your stand in the presence of the Son of Man” (Weymouth New Testament).

An article by Allen West titled “The Three Branches of Rule” was posted at townhall.com on Sept. 23, 2024.

---

Last week, some of us took the time to remember that it was the 237<sup>th</sup> anniversary of our U.S. Constitution – on September 17, 1787. Sadly, I do not think most of this country or this republic was aware of this. The week prior, we had a presidential debate in the National Constitution Center, and no mention was made of the constitution. We heard about folks eating pets and boring rallies. It’s interesting, considering that an American president takes an oath to preserve, protect, and defend the Constitution (our rule of law).

Constitutional conservatives revere the U.S. Constitution and see it as our rule of law. It is a document that is a limiting prescription for the federal government. The question is whether or not the progressive socialist, Marxist left sees the Constitution in the same way.

The answer is quite apparent: they do not.

The Constitution establishes three co-equal branches of government, separation of powers, and delineates each branch’s enumerated duties and responsibilities. Leftists seek not to be bound in their quest for power, control, and domination.

Leftists embrace the three branches of rule.

- The first branch of the left is the courts.

And we see it reflected in their pursuit of this concept called “lawfare.” It is a desire to use the court system not to do as the Constitution prescribes – judicial review and interpretation of the law. For the left, courts are the place for judicial activism and the advancement of that which is not attainable through a legislative process. Leftists believe that courts can make law, meaning a failure to understand basic civics.

Why else would leftists go apoplectic about packing the U.S. Supreme Court other than the fact that they want judicial control?

If judicial decisions do not go the way of the leftists desire, then a court is deemed unlawful – let us not forget Chuck Schumer’s threats to Justices Kavanaugh and Gorsuch.

Why is it that New York Judge Merchan can manipulate rulings in his court and even take a case where he should recuse himself?

Why do leftists always call for conservative justices to recuse themselves, but not leftist justices?

Here in Texas, during the 2018 midterm election cycle, George Soros focused on wiping out conservative judges in Harris (Houston) and Dallas counties. The result, when combined with District Attorneys who do not prosecute criminal cases, has been a revolving door of violent criminals being released back onto our streets – Ala Alvin Bragg.

Control of the courts by the left means the ability to implement their rule under the guise of justice, which they have reclassified as “social.”

- The second branch of rule for leftists is academia.

Just take a look at the chaos and support for anti-Semitism and Islamic terrorism emanating from our campuses. Marxism has always sought to establish itself among the institutions of higher learning. Now, it aims to be extended into every level of academia. Teachers’ unions are more concerned about their political agenda instead of the education of our children and grandchildren.

When you go onto an American campus, the lack of any equality of conscience, thought, or diverse perspective is highly alarming. To the point that many young people believe that censorship is warranted against those who do not surrender to leftist groupthink.

The mantra of leftism is that if one can control the minds of the young, they will control the future. Too often, we read about leftist indoctrination and what is the number one enemy of this – educational freedom.

How could it be that concerned parents showing up at school board meetings would have the full weight and power of the federal government brought against them as “domestic terrorists?”

The left does not want any disruption of their second branch of rule – academia.

- The last branch of rule for the left is the media.

Do I need to expound upon this?

How can it be that someone with a lower approval rating than Joe Biden is now heralded as a viable presidential candidate?

The leftist media has decided that it will run cover for one Kamala Harris and shield her from any scrutiny. They have colluded in suppressing any story that is not favorable to the progressive socialist left. They are willing co-conspirators (complicit accomplices) in driving a narrative replete with deception.

The media refused to accept the mental decline of Joe Biden, which Kamala Harris hid until it was an inconvenient truth.

The media did everything to hide and provide cover for the disaster that has become the border security situation in America until it was no longer hideable.

The media has aided and abetted the violent and disturbing rhetoric that has contributed to not just one but two assassination attempts on the life of Donald Trump.

Why?

Simple.

Leftists are not concerned with governing.

They aim to rule, and the courts, academia and the media are their tools of implementation.

It is time that we speak with courage and conviction in defining the left, its goals, objectives, ends and means.

This is not a game, but it is indeed the ultimate ideological battle between liberty and tyranny.

Steadfast and Loyal.

An article titled "Trump Admits He Might Be 'Childish' and Have a 'Personality Defect' at Swing State [Pennsylvania] Rally" was posted at independent.co.uk on Sept. 24, 2024. Following are excerpts of the article.

Donald Trump made an unusually self-aware admission at a rally in Pennsylvania on Monday night. The former president was describing his reluctance to do an interview with the libertarian TV host Greg Gutfeld when he got a little personal.

Trump said: "He asked me for an interview, and I said 'You know, I'll do it, begrudgingly – 10 minutes'. I don't really want to do it, because he doesn't like me. I guess I don't like anybody that doesn't like me, I'll be honest. When they don't like me, I don't like them, okay? It sounds childish . . . that's the way it is. Call it a personality defect. But we did an interview, and it was supposed to be 15 minutes, and it lasted for two and a half hours. It just never stopped. It was great chemistry – we actually liked each other."

**Isaiah 55:6-11—"Seek you the Lord while He may be found, call upon Him while He is near. Let the wicked forsake his way, and the unrighteous man his thoughts; let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon. 'For My thoughts are not your thoughts, nor are your ways My ways,' says the Lord. For as the heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts. For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word by that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it."**
